* PPM/CPM measured after first page. Color photo measured from start of paper feed.
See www.epson.com/printspeed.

** Ink light fastness ratings up to 100 years based on accelerated testing on specialty media, framed under glass. Actual results vary according to media, image, display conditions, light intensity, humidity and atmospheric conditions. Epson does not guarantee longevity. Visit www.wilhelm-research.com.

*** Yields vary considerably based on images printed, print settings, paper type, frequency of use and temperature. For print quality, a small amount of ink remains in the cartridge after the "replace cartridge" indicator comes on. All-in-One ships with full cartridges and part of the ink from the first cartridges is used for priming. See www.epson.com/cartridgeinfo.
