

PowerLite® Home Cinema 1080 UB

EPSON
EXCEED YOUR VISION

The Epson PowerLite Home Cinema 1080 UB offers the ultimate way to experience larger-than-life movies, sporting events and video games with cutting-edge, true 1080p native resolution, the industry's best high definition signal to date. By implementing a full suite of state-of-the-art technologies within a single projector, Epson provides a total solution that is sure to exceed your expectations.

- **New UltraBlack™ technology**

A 50,000:1 contrast ratio (dynamic setting), 4000:1 (native setting) delivers extraordinary detail, particularly in the shadow areas, creating true, cinematic contrast and incredibly deep blacks

- **Amazing color brightness**

C²Fine™ 3LCD (3-chip optical engine) technology, together with 1600 lumens, offers incredible color, depth and brilliance

- **Accurate colors**

An extended color gamut supports a color space which ensures natural, vivid colors that are displayed more accurately

- **Razor sharp video processing**

1080Perfect™ video processing provides optimum output, whatever the input source, while improved firmware ensures sharper image quality

- **Extra flexible connectivity**

Two HDMI 1.3 ports offer greater connectivity for today and tomorrow

- **Superior optics**

An exclusive OptiCinema™ lens ensures superior picture quality

- **Maximum brightness and color uniformity**

Exclusive E-TORL™ lamp technology conserves energy while offering more consistent light and greater color uniformity for the most vivid images possible

- **Whisper quiet**

24 dB operation

PowerLite Home Cinema 1080 UB

SPECIFICATIONS
