# GS Canvas Gloss

Whether the application is high-volume décor output or fine art reproduction, Epson GS Canvas Gloss will satisfy even the most demanding professional by providing both the finest image quality and a vehicle for enhanced artistic creativity, even in a production environment. GS Canvas Gloss is a stretchable, polyester/cotton blend canvas designed for high quality solvent ink jet printers. This canvas provides a consistent and smooth glossy printing surface that allows for an incredibly wide color gamut and deep, rich blacks, while still offering the traditional look and feel of an artist's canvas. GS Canvas Gloss offers the highest image quality, even at the production speeds required for high-volume output. Like all of Epson's innovative media, this canvas is engineered to give the highest resolution and saturation possible.

**Features/Benefits**

- Heavyweight quality
- Cotton/poly blend
- Gloss finish
- Stretchable for framing
- Outstanding color gamut and resolution

**Technical Specifications**

Basis Weight	Thickness	ISO Brightness	Whiteness	Opacity	Gloss at 60°	Material	Finish	Core Size	Spindle
