### Football-Themed Patterned Pages:

These are full pages of themed designs that can be used for wrapping paper, greeting cards, party favors or photo mattes for your favorite football-themed photos. To print a patterned page - select your choice of background patterns and download. All are documents in jpeg format that can be printed in any size from 4" x 6" to 12" x 12". Most patterns shown come in 2 versions: fully vibrant color and muted (lighter) color.

**Step 1:** Click on a favorite pattern to open as a .jpg, or import it into your preferred program. Select the paper size you want to print in the print driver. If you want to print 12" x 12" you will need a wide format printer such as the Epson Stylus Photo 1280 or the R1800 (for 12" x 12" edge-to-edge printing), and 12" x 12" PremierArt™ Matte Scrapbook Photo Paper for Epson.

**Step 2:** After you click "Print", click on "Yes" to continue printing even though the margins are set outside the printable area of the page. The printer will adjust to fill the size you have selected.
