

Print Lab #45

Mother's Day and Father's Day Scrapbooks

Scrapbook pages are a great way to preserve your most cherished memories, or to capture everyday events that become so special in our lives. Use these pre-designed borders and add personalized messages to make your pages come to life! In this Print Lab, our special events honor Mom and Dad.

Materials Suggested:

(Not all are required) For printing: Epson Photo Quality Ink Jet Paper (letter) or Epson Premium Bright White Paper, PremierArt Matte Scrapbook Photo Paper for Epson (letter), Epson Semigloss Scrapbook Photo Paper (letter), Epson Matte Paper Heavyweight (letter) or Epson Double-Sided Matte Paper (letter), Epson Photo Stickers Kit or Epson Photo Stickers Refills, and an Epson Stylus Color Printer.

For the digital photos: an Epson Scanner and/or an Epson Digital Camera.

*If you do not have a scanner or a digital camera, you can use personal photos from a CD, sample photos or graphics provided in your creative software programs or visit the Epson Print Lab image gallery for a variety of downloadable images!

Procedure: Step 1: If you plan to print your photos, locate your digital photos from your preferred source and print in the same size to fit your page layout onto either PremierArt Matte Scrapbook Photo Paper for Epson (letter), Epson Matte Paper Heavyweight (letter) or Epson Double-Sided Matte Paper (letter). (Be sure to follow the printing tips in the package to get the best quality printouts and print longevity.) **Step 2:** Download *Mother's Day* or *Father's Day* templates. **Step 3:** Add desired text and import graphics* to the templates to customize according to your own needs. **Step 4:** Print templates for clip art, borders and graphics on Epson Photo Quality Ink Jet Paper (letter) or Epson Premium Bright White Paper. **Step 5:** Use craft scissors to trim, then glue to the scrapbook page. Add Epson Photo Stickers Kit or Epson Photo Stickers Refills for a finishing touch! **Step 6:** If you're really happy with your results and would like to share the page with other friends and family, make an accurate color copy by scanning the finished scrapbook pages. Collate into another memory book and you've quickly put together another scrapbook in a fraction of the time it took you to make the original. What a quick and personal gift!

Results: The perfect way to showcase your favorite moments with Mom and Dad!!

***To insert a photo or clip art graphic:** Open a new blank document. Insert photo or clip art graphic from file or CD. Select photo or graphic by clicking on it. Under "Format" go to "Layout" and select "In front of text". This will cause your photo or graphic to be in front of any text or graphic in your layout. Copy the photo or graphic and paste into your layout. Use the "corner grippers" to resize the graphic and move the graphic to the appropriate spot in your layout. There's no need to save the blank document – just keep it open if you need to insert any more photos or clip art.

Photo Stickers: Load Photo Stickers Software onto your computer (software is included in Epson Photo Stickers Kit), or use Epson Software Film Factory. Choose a photo that crops in closely to the subject, or use your favorite creative software program to crop the photo. Print on Epson Photo Stickers Kit or Epson Photo Stickers Refills and use as an envelope seal or as added decoration to your stationery.
