

Project #299: Vintage Baby Scrapbook & Patterned Pages

average per project

Commemorate a new arrival with a scrapbook that features vintage baby illustrations as a background.

Turn of the century baby illustrations will add unique character to any scrapbook page designed to welcome a new baby. Coordinating background pages complement the vintage designs and offer a soft palette of colors that are ideal for either baby boy or girl creations. Use the scrapbook spread design and simply add photos and text to create a memento that will be treasured as the baby grows. Download background pages and files FREE here at EpsonCreativeZone.com.

Vintage Baby - Themed Patterned Pages:

These are full pages of themed designs that can be used for wrapping paper, greeting cards or photo mats for your favorite baby-themed photos. To print a patterned page, select your choice of background patterns and download. All are documents in jpeg format that can be printed in any size from 4"x6" to 12"x12".
